As a sport that incorporates constant movement, aerobic exercise, balance and eye-foot coordination as well as healthy social interaction, soccer is an ideal activity to promote all around physical development in early childhood. UK Petite has created progressive curricula for young children which introduces the sport and develops age appropriate skills. Their philosophy and methodologies are based on cutting edge educational principles of how children learn techniques and develop them into skills while having a fantastic time! All a child needs to join a program is a pair of sneakers, a pair of shin-guards and plenty of energy and enthusiasm!

2011 Warrenton Triathlon

Mark your calendar for the 2011 Warrenton Triathlon. The event will be held at the Warrenton Aquatic & Recreation Facility Sunday, September 18, 2011 at 8:00 am.

The race will begin with a 300 yard swim inside the aquatic center followed by an 11 mile bike course. The race ends up with a fast, lightly rolling 5K run on lightly traveled roads and jogging paths in neighborhoods and soccer fields surrounding the aquatic center. This race will feature Zorrel technical shirts, great post race food, and as always a great atmosphere to bring your family to while you race.

Interested in participating? Register individually or as a relay team. Joining as a relay team is a great way to enjoy the sport as a team effort. Each portion (swim, bike, run) is completed by a different member of the relay team.

Those interested can go to www.setupevents.com for more information and to register.
